

# Ethical Review for the Mental Health Professional

*A Continuing Education Workshop for Licensed Clinical Providers*

## Workshop Overview

This engaging continuing education workshop provides a practical review of ethical principles, professional responsibilities, and decision-making challenges commonly encountered in mental health practice. Participants will strengthen their ability to recognize ethical dilemmas, apply professional codes, and reduce risk through ethical best practices. This program is designed to meet continuing education requirements for licensed mental health professionals.

CE Hours: 5. Approved by LPCA M-0226-334

## Learning Objectives

- Review core ethical principles relevant to clinical practice
- Apply ethical decision-making models to real-world scenarios
- Integrate ethical standards into daily clinical work

## Who Should Attend

Licensed Professional Counselors (LPCs), Licensed Clinical Social Workers (LCSWs), Marriage & Family Therapists (LMFTs), Psychologists, and other licensed mental health professionals
